BUSINESS OPERATIONS AND DESCRIPTION

DESCRIPTION OF OPERATIONS

The applicant is a licensed roofing contractor performing residential and light commercial roof replacement, roof repair, gutter installation and sheet metal flashing fabrication. Approximately 70 percent of annual receipts derive from residential re-roofing and 30 percent from light commercial flat roof work on single story structures.

No work is performed at heights above three stories. The applicant does not perform any structural engineering, does not install solar panels, and does not perform any hot tar or kettle work. All torch-down application was discontinued in 2019 and is no longer performed under any circumstances.

The applicant fabricates custom sheet metal flashing at its Denver shop for use on its own jobs. Fabricated product is not sold to third parties and is never shipped outside Colorado.

SUBCONTRACTOR INFORMATION

Subcontractors are used for approximately 25 percent of labor on commercial projects only. Every subcontractor is required to provide a certificate of insurance naming Ridgeline Roofing & Sheet Metal LLC as additional insured before any work begins. No subcontractor is permitted on a job site without a current certificate on file. Written contracts with hold harmless agreements in favor of the applicant are used on all subcontracted work. Total subcontractor cost for the prior 12 months: \$412,000

FINANCIAL INFORMATION

Annual Gross Sales / Receipts: \$4,850,000

Annual Payroll (all employees): \$1,640,000

Estimated Annual Gross Sales Next 12 Months: \$5,200,000

QUALITY AND SAFETY

The applicant has a written safety program in operation, reviewed annually. Monthly documented toolbox safety meetings are held for all field crews. A written fall protection plan is in force and all field employees receive OSHA 10 training within 60 days of hire.
